

KIDS' SCIENCE CHALLENGE

A Free Nationwide Science Competition for 3rd-6th Graders
Check out kidsciencechallenge.com

The first 1000 entrants receive a free Activity Kit with hands-on projects related to this year's science topics; Zero Waste, Animal Smarts and Meals on Mars.

Lesson plans
Science fair project ideas
Online activities
Videos, games and lots more!

The Kids' Science Challenge is as easy as:

- 1 Research three exciting science topics
- 2 Brainstorm ideas
- 3 Submit ideas and experiments for scientists and engineers to solve. If your idea is chosen, you get to visit and collaborate with the scientists to see the idea come alive.

Other prizes include science kits, science equipment and cool science toys.

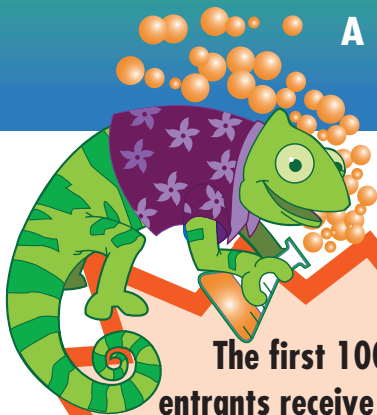

Open for entries October 1, 2011 through February 29, 2012

Made possible by the
National Science Foundation
